Approved by:

Application

Operates up to six thermostatically controlled zones with up to four 24V actuators per zone.

Can be combined with additional modules to expand zones, actuators and/or capabilities.

Description

Provides operational power to connected devices

Operating mode indicators

Color coded, screwless spring/clamp terminal connections for quick, easy installation

Clear arrangement of wiring with cable grips

Attaches to DIN rail

Functionally expandable with integrated expansion modules:

- Actuator expansion module
- Zone expansion module
- End switch module
- Dual end switch module
- Timer module

Technical Information

Operating voltage	24V
Maximum power input	50W
Fuse	T 2A H
Maximum # of thermostats	6
Maximum # of actuators	14
Expansion Module Attachment	17 pin connection
Dimensions in. (mm) L x W x H	2.75 x 3 x 9.25 (70 x 75 x 234)
Weight lb. (kg)	1 (0.5)
